

K-Love is a very important part of my day traveling to work, returning home, and for pleasure/peace throughout the day. I teach children with disabilities and I frequently need the peace, encouragement, and focus that K-Love provides on a daily basis without the turmoil that other stations offer unknowingly as status quo. Without K-Love the community would not have an alternative to the status quo of constant commercials, talk shows (many in bad taste), and music that encourages profanity, sexuality, violence, and unrest in most cases. K-Love is a NECESSARY alternative to the previously mentioned status quo of accepted broadcasting.
